

1- Selecionar a língua (Região)

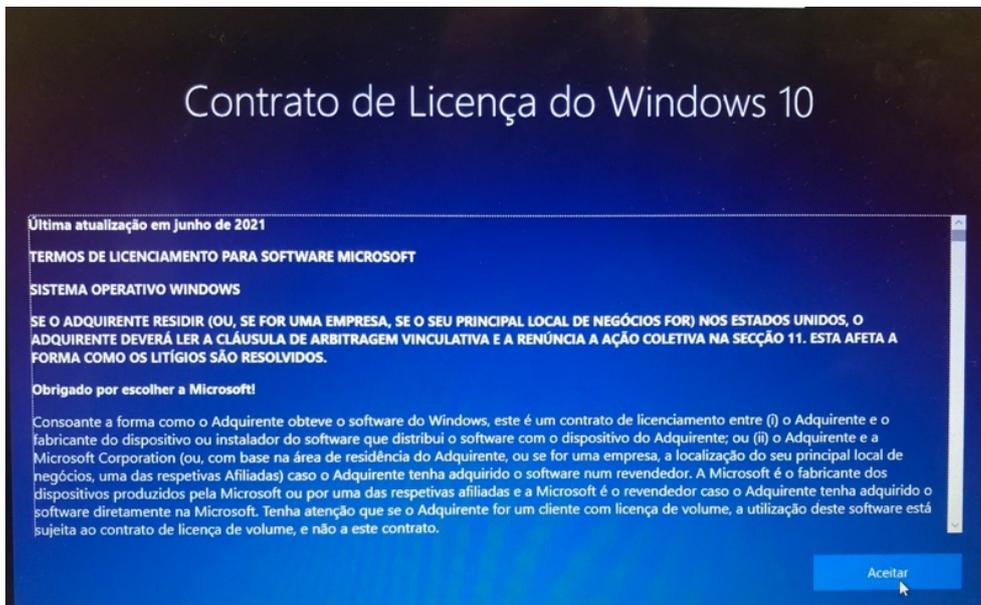

2- Selecionar o esquema de teclado

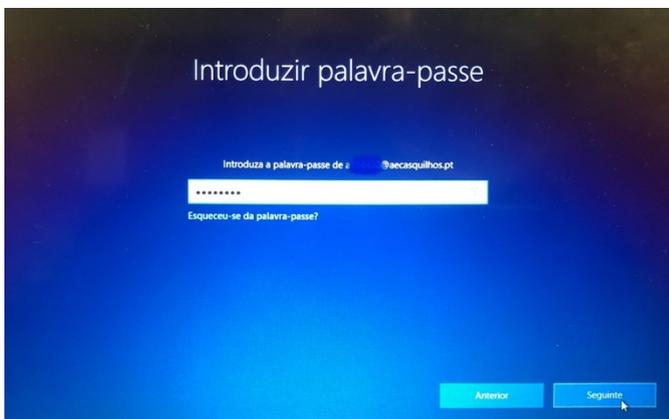

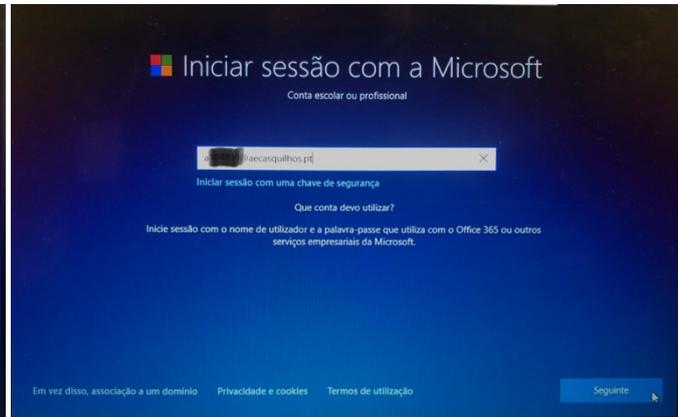

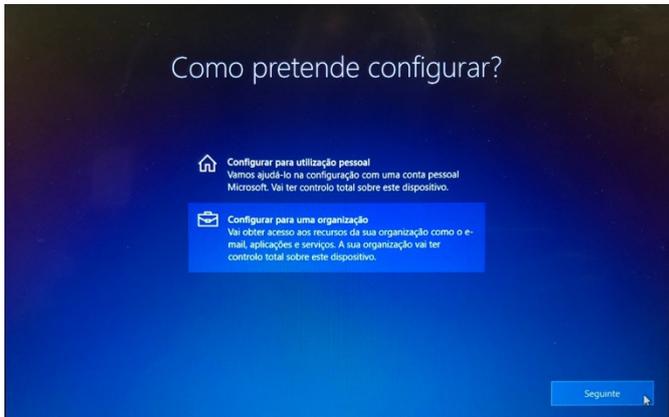

3- Ligar à rede WIFI

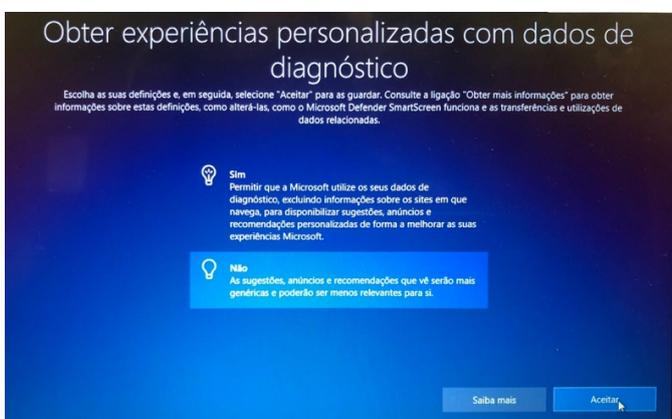

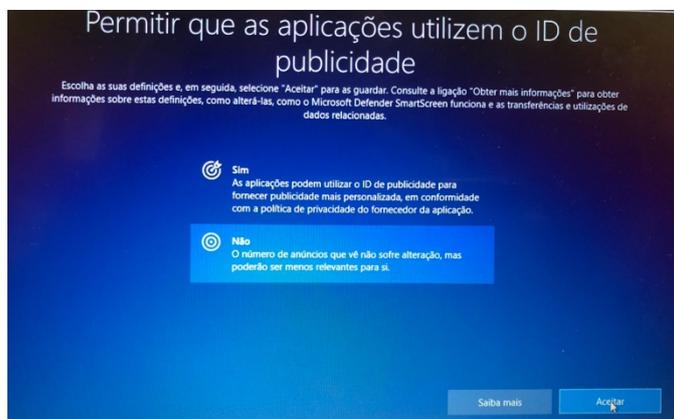

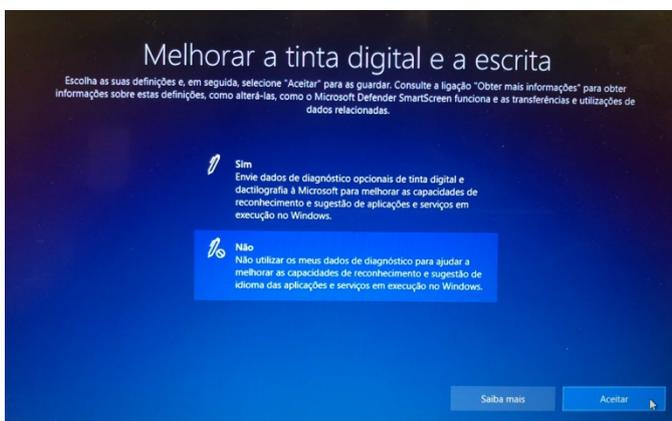

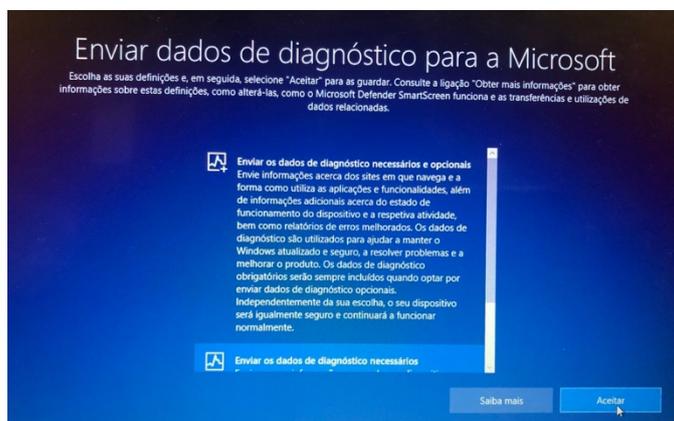

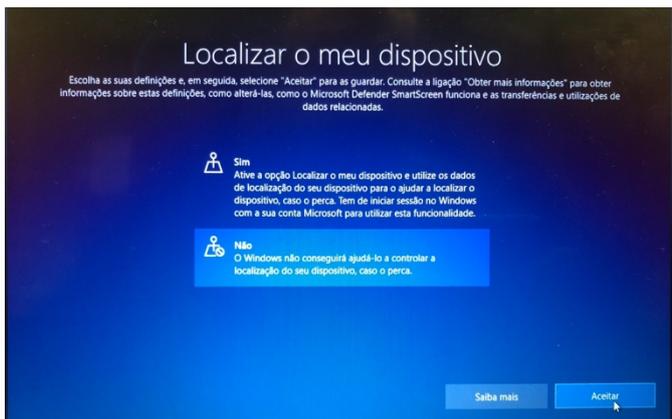

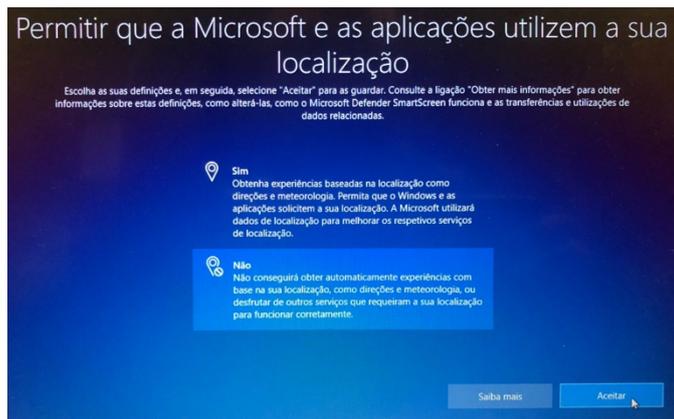

4- Aceitar o contrato

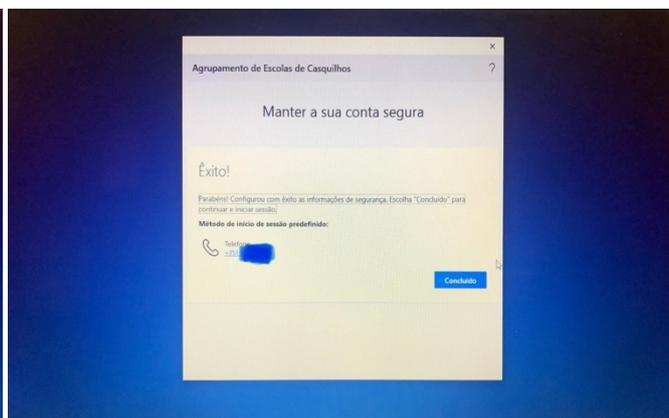

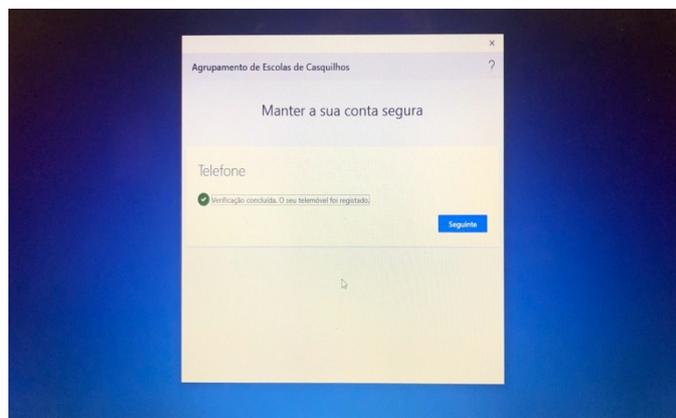

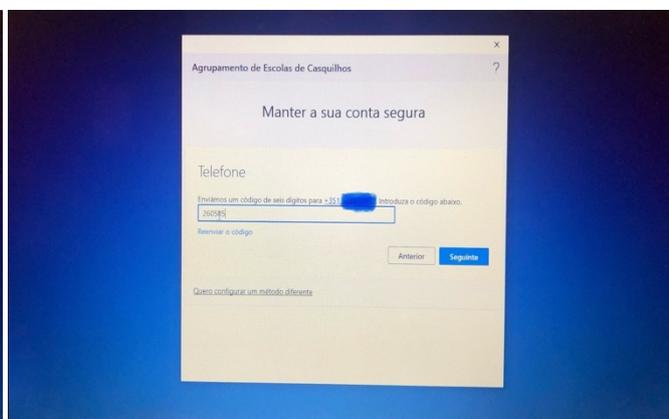

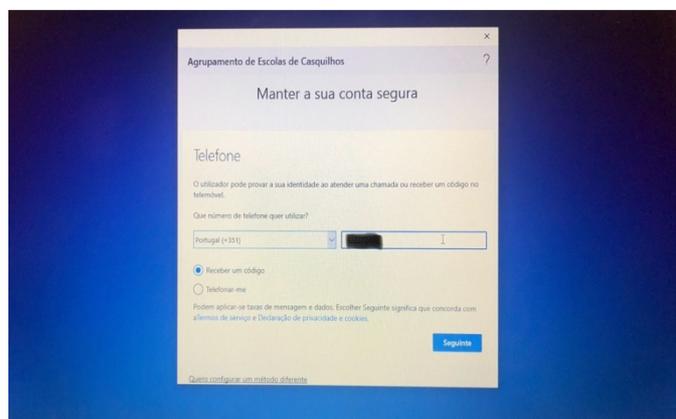

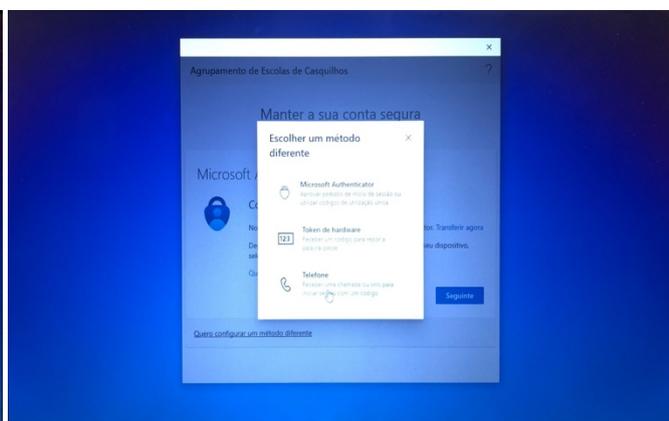

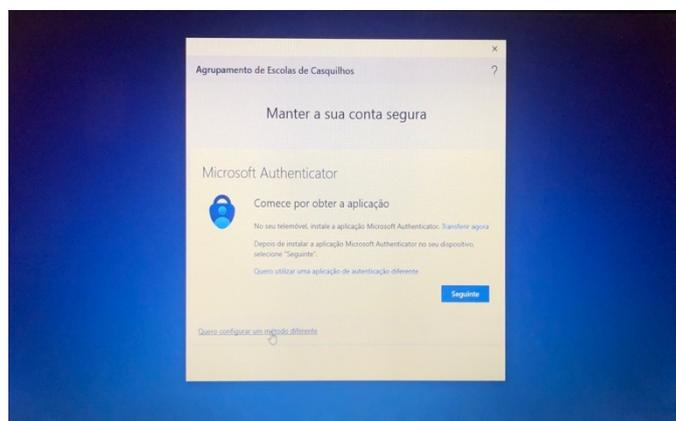

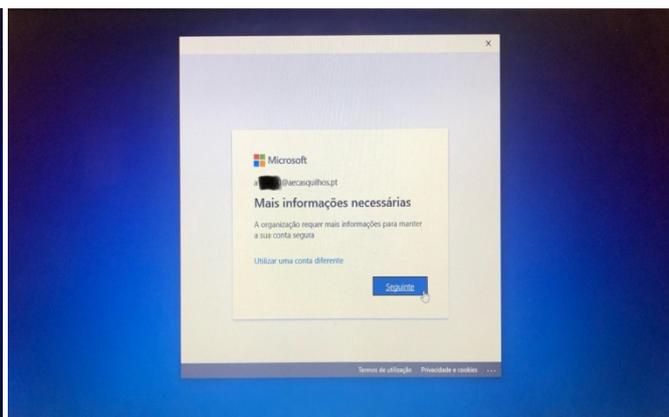

- 5- Usar a conta do Agrupamento (Teams), como conta Microsoft do Windows
Se não tiver os dados da conta no site do Agrupamento deve abrir um ticket a solicitá-los na seção Plataformas

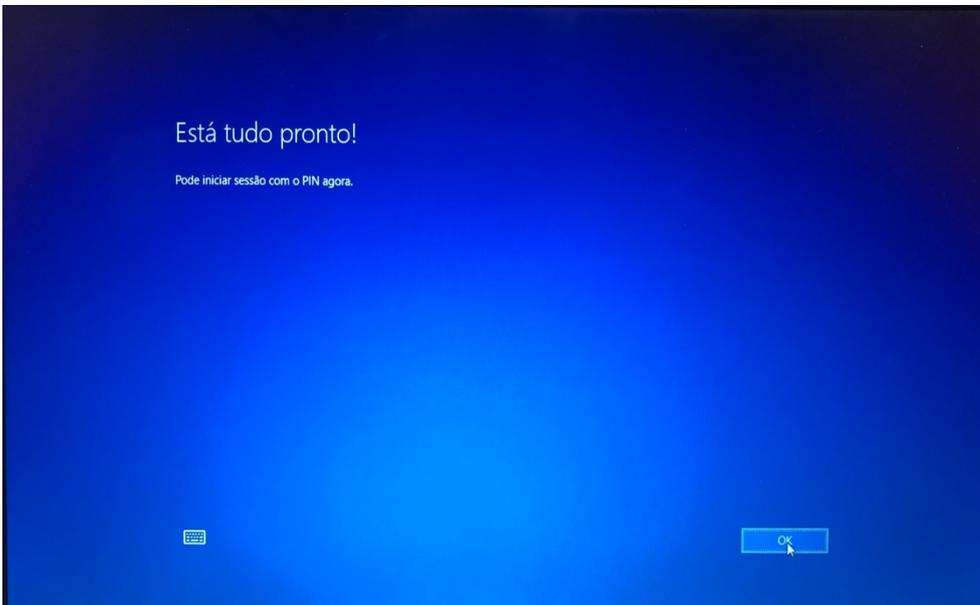

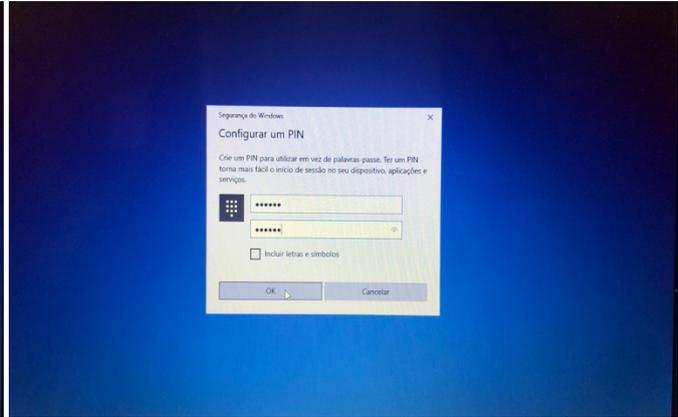

6- Efetuar as configurações iniciais do Windows (Podem ser alteradas posteriormente)

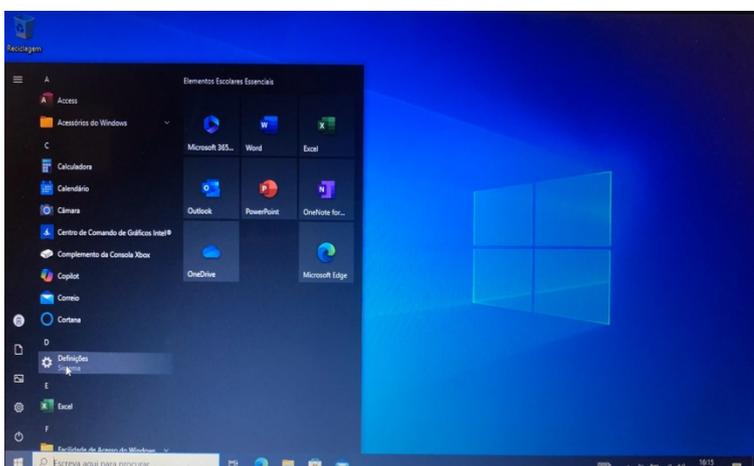

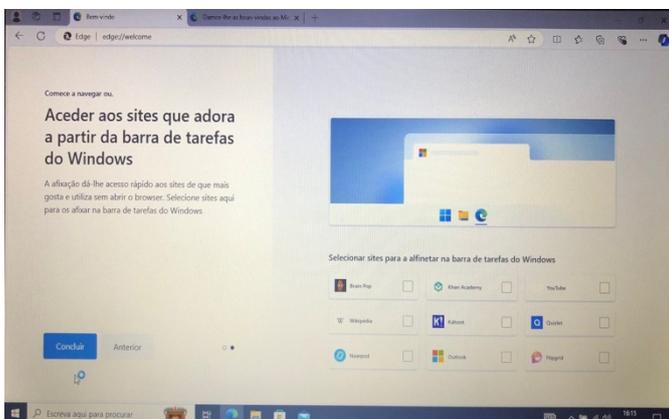

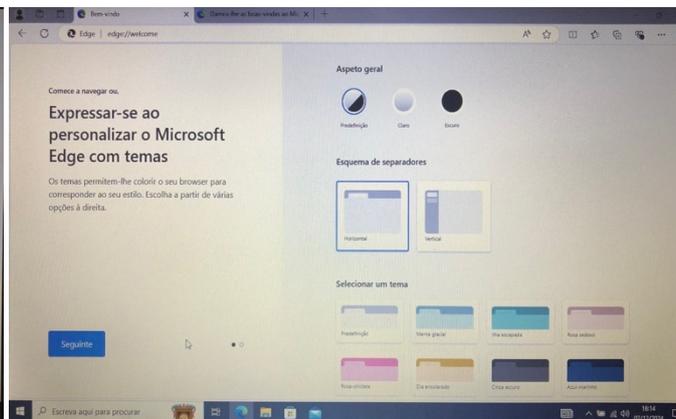

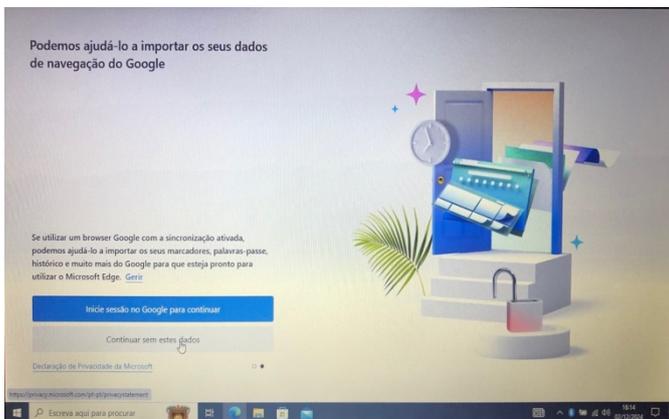

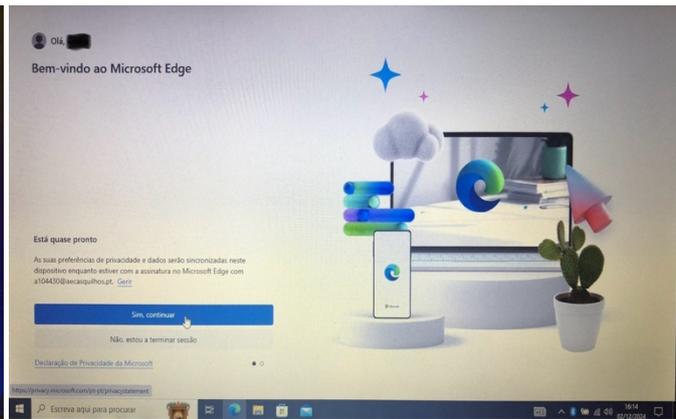

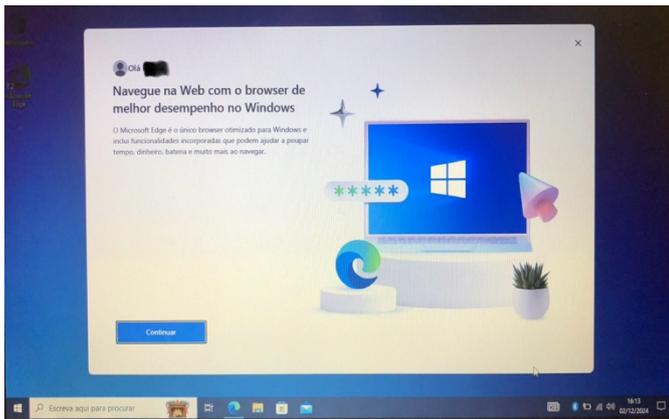

7- Configurar o Windows Hello e associar um número de telefone/telemóvel à conta Microsoft do Agrupamento

8- Configurar um PIN de 6 números para entrar na conta em vez de palavra-passe

9- Efetuar a configuração inicial do Edge

Configuração
Concluída
